Compatible

Introducing the HCM 800 Series High-Pressure Jetting Unit, a high-octane addition to our petrol jetting range that takes performance to a whole new level. With an impressive 800L tank mounted on a sleek steel frame, this powerhouse slides seamlessly into medium and larger van models, setting the stage for unrivaled jetting capabilities.

Choose from a dynamic range of specifications, spanning from 2000psi to a roaring 4000psi. Whether it's tackling stubborn drain blocks, erasing graffiti, slicing through roots, prepping surfaces, or handling cleanups, this beast's adaptability is taken up a notch with an array of available attachments.

Your experience is in your hands with our wireless remote options, offering unparalleled control and safety. Our cutting-edge wireless remote system ensures lightning-fast water shut-off in an astonishing 0.003 seconds with a tap, putting you in control of throttle adjustments, water flow, reel operations, and engine stops with unparalleled precision.

Elevate your system to the next level with a range of optional extras, including the Wireless Remote, Fill reel, Electric rewind for one or both reels, 3/4" fast fill hose, and much more.

Welcome to a world of unprecedented efficiency and innovation with the HCM 800 Series Jetter, where power and precision unite to deliver unmatched performance that's truly extraordinary.
